ACT/SAT PREPARATION WORKSHOPS

Our ACT/SAT workshops increase students' opportunity to receive financial aid, including Michigan Merit Awards (ACT).

Your students receive the finest, most affordable ACT/SAT preparation, including:

Highly-trained, experienced instructors.

Learning takes place most effectively when students can receive high-quality answers to their questions. All Test Preparation Services teachers have Master's Degrees or Ph.Ds in the field they are teaching.

Two instructors for the ACT, both specialists.

At Test Preparation Services, we understand that few English teachers make good math teachers, and vice versa. That's why our ACT/SAT workshops are taught by both a Math specialist and a specialist in reading/writing.

Instructor's availability.

Test Preparation Services teachers:

- Stay after class to answer all students' questions.
- Are available through email. All teachers give their e-mail addresses to your students, and answer their questions within 24 hrs.

Satisfaction guaranteed.

If for any reason, a student wishes to re-take the class once, he/she can do so at no additional cost.

Check our website for details at

or call 248-620-0123.

Now!

To prepare your students for the ACT/SAT essay-writing components, we provide specialized instruction including additional hours of course time for each exam.

The instructors for these sections are college writing teachers whose advanced work in English and Composition makes them very well-qualified to prepare your students to do well on the essay component of each exam.
